 member of the
International Commission on Illumination

TECHNICAL MEETING

“Your opening onto the lighting World”

The title and program reflect that lighting practitioners, in the broadest of context, have a need to appreciate the influence of international standardisation on Australian lighting standards and practice. CIE Australia, the country’s affiliate to the International Commission on Illumination (CIE), gives you a ready, up-to-date awareness and preview of what is happening in international lighting standards. This is the first of a new series of technical meetings.

Program

Time	Presenter	Topic
1.30 - 1.40	Alec Fisher, CIE Australia	Introduction - what is CIE Australia?
1.40 - 2.00	Colin Blair, Deputy CEO Standards Australia	Relationships are important - Standards Australia and international organisations
